

Pride® Lift Chairs

Experience the Luxury

NEW HAND CONTROL

The new, ergonomically designed hand control features a streamlined design to deliver comfort and ultimate ease of use for your Pride® Lift Chair.

BENEFITS

- Two large, easy-to-read, backlit buttons control lift and recline functions
- The slender hand control is ergonomically designed for maximum comfort
- A new self diagnostic function monitors lift chair function for optimal operation
- Buttons are back lit to make it easy to see in any ambient lighting conditions
- A back lit one-touch lock/unlock button prevents unwanted use
- A stylish two-tone black and slate design that complements all lift chair fabrics

LOCK MODE
